"The volume before us is, indeed, a model of cheapness, combined with elegance and convenient arrangement. It contains, in 518 neatly printed pages, everything Mendelssohn has written for the pianoforte, from the Capriccio in F sharp minor, Op. 5, composed in 1825, at the age of sixteen, to his latest works, including several published after his death. . . . A student will find no end of interesting points in the works here collected, but to the more advanced amateur also they will be a source of purest enjoyment. We need not add that the stately volume before us is eminently adapted to serve as an elegant and valuable gift-book at this, or, indeed, at any season of the year."—*The Times.*

"This is a new edition, just issued by the eminent firm in Berners Street, of the complete works of Mendelssohn for pianoforte solo, including the two concertos, and the other pieces with orchestral accompaniments. These are comprised in one handsome volume, full music size, far less bulky than might be expected from the comprehensiveness of its contents. These comprise all the hitherto published pianoforte works of the composer of the class just specified, including the eight books of 'Lieder ohne Worte.' Some of these and several other pieces are the copyrights of Messrs. Novello, Ewer & Co., hence this is the only complete edition procurable in this country. The advantages of having all these productions of the great master in a single volume are great, especially for the purposes of ready reference, as in the case of the beautiful one-volume edition of Beethoven's Sonatas issued by the same publishers. Like it, the Mendelssohn collection now under notice is beautifully engraved and printed, and is altogether brought out in a style worthy of the contents and of the high reputation of the firm by which it is issued."—*Illustrated London News.*
